

## AMERICAN ARMY CONTINUES MARCH TOWARD RHINE

### General Dickman's Troops Ten Miles From Germany

WITH THE AMERICAN ARMY OF OCCUPATION, Nov. 19.—(By the Associated Press.)—Well into Belgium and within a few hours' march of the German frontier on the south, Major General Joseph T. Dickman's army gathered itself today for another jump into evacuated territory.

The line was unchanged. In accordance with plan the march has been halted for a short time, while the heavier artillery supply service and other elements can be brought up.

As the Germans withdraw, the concentration of the army of occupation is increased and not for a moment has vigilance been relaxed. All possible tactical advantage is carefully taken and the forces are so deployed that the peaceful march might easily, in the presence of the enemy be converted into a hostile operation.

The second day of the advance served to confirm the belief at the American headquarters, however, there was no thought of treachery in the minds of the German general staff and that the terms of the armistice will be faithfully carried out. There have been a few isolated cases where surrendered materials have been damaged but it is not thought such damage was wrought under orders of German commanders. The surrender of damaged airplanes at the airfield at Tollen-court is regarded as a case where individual aviators determined to put their machines out of commission rather than have them fall into the hands of any enemy much as a cavalry man would shoot a favorite horse.

Large Stores Left Behind. Enemy stores of ammunition, food and many guns left at Longuyon were little impaired. The machine shops there were not damaged.

The railway yards at Montmedy and other places along the line that served the Germans as one of their main arteries of communication during the last stand against the allied advance were filled with locomotives and cars ready for use. The great quantities of general stores not mentioned in the terms of the armistice had been abandoned. Undamaged stores left behind on every road over which the Americans advanced bear evidence of the great retreat.

At Virtun was found a great salvage dump where tons of clothing, gas masks and helmets had been thrown by the German troops who had no further use for them.

The road near St. Leger, over which the correspondent drove just behind the evacuating armies was so thickly covered with big iron German helmets that at times they interfered with the operation of his automobile.

However, it was not the litter of a battle field that one saw, or even that of a disorderly retreat under fire. It was merely the evidence of the passing of a tired, disheartened foe, who was going home.

The country generally produced a strong contrast to that fought over for so many years. The Americans camped today in towns most of which bear no trace of warfare.

Little Damage Done. Here and there was one which showed evidences of the fighting at the time the French attempted to check the German march thru Belgium. In most of the towns every house was intact. Among the exceptions are Longuyon and Montmedy, where a few town buildings, tell of French and American air raids and aerial photographs of whose scars have long been on file at American headquarters. The roads over which the Americans travelled are in excellent condition. The retreating army left on the roads dozens of steam rollers, which had been working almost to the day of its departure. Also early victims of the war, Belgium's inhabitants in this quarter appear better off today than the French civilians a few miles back. When the American army entered Virtun, restaurants were being operated and demands for coffee brought not only this commodity but also sugar and cream. Meat was scarce.

The shops are better stocked than those in the French towns the same distance back of the line. Women's clothing ranging from the lace and smartly tailored garments is prominently displayed in the windows while tobaccoists have their show cases filled with various brands of cigarettes and cigars. The wine shops have, not much, varied stocks as in France, but just as abundant; much of it is champagne. The civilians in Virtun and other villages tell stories of German arrogance and oppression but tales of atrocities are few. Apparently those Germans who were in power in that part of Belgium ruled sternly but not viciously.

Civilians Greet Americans. St. Leger is one of the places that felt the terrible grip of the German hand in the first year of warfare. It was there that 100

## British Casualties During Big War Over 3,000,000

LONDON, Nov. 19.—British casualties during the war, including all theaters of activities totaled 3,049,991. It was announced in the house of commons today by James Ian MacPherson, parliamentary secretary for the war office. Of this number the officers killed, wounded or missing aggregated 142,634 and the men 2,907,357. The total losses in the fighting on the Franco-Belgian front was 2,719,652.

The Dardanelles expedition cost the British 10,729 casualties. Of this number 1,785 officers were killed or died, and 31,727 others. The wounded were 3,010 officers and 75,508 others. The missing, including prisoners, were 258 officers and 7,431 others.

On the Saloniki front the losses were 27,318. Of these the killed were 285 officers and 7,330 others. The wounded 818 officers and 16,058 others. The missing 114 officers and 2,713 others. In the East African campaign the total casualties were 17,825; of this total 9,104 were killed or died, comprising 280 officers and 8,724 men. A total of 7,754 were wounded, comprising 478 officers and 7,276 men. The missing and prisoners totaled 967, comprising 35 officers and 921 men.

In other theaters the total casualties were 3,297. Of this number 133 officers and 690 men were killed, 142 officers and 1,373 men were wounded and 51 officers and 908 men were missing or prisoners. In addition to the grand total of deaths there were 19,000 deaths from various causes among troops not forming any part of the expeditionary force.

## DEMONSTRATIONS IN BRUSSELS DESCRIBED

PARIS, Nov. 19.—(Havas.)—Demonstrations by the German soldiers in Brussels on Sunday, November 10, the day before the armistice with Germany was signed, are described in the Journal La Belette, a newspaper published in Brussels for four years under control of the German censorship in its issue of November 11.

Thousands of soldiers without arms gathered in front of the north station and formed a procession which marched thru the north Boulevard carrying red and French flags. The populace at first dumb with astonishment at the strange sight enthusiastically cheered the soldiers carrying the French tri-colors and shouting "Hurrah for Belgium," "Hurrah for France."

The procession halted at the place of justice where a meeting was organized and a banner raised on which was inscribed: "Comrades, do not fight anymore! Do not shoot!"

A Belgian demonstration was then organized in which the German soldiers joined with the Belgians in singing the Marseillaise. An automobile in which were some German superior officers was halted by soldiers who tore the epaulettes from the officers' shoulders. The demonstration continued thru the afternoon and evening.

## GERMAN ARISTOCRACY INVOLVED IN GRAFT

WASHINGTON, Nov. 19.—Dispatches received from Prague today by the Czech-Slovak information bureau say the German aristocracy at the Bohemian capital has been involved in a graft scandal. Countess Coudenhove, wife of the last Austrian governor of Bohemia, is said to have been arrested and held on the charge of turning to her own use gifts and money donated for the wounded thru the Red Cross organization of which she was president.

Arrested with her were prominent members of the nobility. The despatches tell a graphic story of the revolution in Bohemia which in a day threw off the Austrian yoke of centuries and paved the way for setting up the Czech-Slovak republic.

## WANT TO CALL SYMPATHETIC STRIKE

Oakland, Cal., Nov. 19.—Resolutions passed by the central labor council of Alameda county directing the unions under its jurisdiction to take a strike vote in protest against the conviction of Thomas J. Mooney, were being telegraphed and cabled to labor organizations thruout the United States, Canada, England and Australia today. The council asked these organizations take like action and that Monday, Dec. 2, be set as the tentative strike date.

civilians were executed. When the Americans began pouring into Virtun, the largest of the recovered towns, the Germans had nothing too good for them, flags of the allied nations flew from almost every house front, side by side with the Belgian colors while women, especially the young or ones appeared in their Sunday finery.

The mayor had a busy role as official host. Women and children gathered about the men in khaki, regardless of rank, the enlisted men receiving almost as much attention as he who wore the insignia of rank.

## SENATORS CONFER WITH WILSON OVER TRIP TO FRANCE

### Think President Will Remain Abroad Indefinitely

WASHINGTON, Nov. 19.—Democratic senators who conferred with President Wilson tonight for two hours left the white house with the impression that the president now plans to remain in France indefinitely or at least until the major portion of the work of the peace conference has been completed.

The president was understood to be especially interested in the application, in the framing of the treaty, of the principle of the freedom of the seas, which he enunciated in his fourteen terms, and on which the allies, in agreeing to discuss peace with Germany, have reserved the right of freedom of action at the peace conference.

The plan for a league of nations was another subject to which the president was said to have given much study. He was understood to regard this as essential for the maintenance of the peace of the world.

During his absence from the United States, the president plans to continue to exercise all the functions of his office. He will keep in communication with Washington by wireless while at sea and by cable and, if necessary, by dispatch boats while he is abroad.

Will Use U. S. Embassies. While in France the president was said to plan transaction of any necessary executive business in the American embassy. Technically he then would be on American soil. Should he visit London or any of the other allied capitals the embassies there would become his executive headquarters.

Besides discussing his plans for his trip abroad the president was understood to have taken up with the senators problems of reconstruction and necessary legislation. It was said he opposes creation of a reconstruction commission either executive or congressional, preferring the work to be done by existing agencies, such as the war industries board, the food administration and the war labor board.

Senators attending the conference included Simmons and Overman, of North Carolina; Pomeroy, of Ohio; Walsh of Montana; and Swanson of Virginia, all chairmen of important committees. During the day the president had conferred with Senator Martin of Virginia, the Democratic leader.

Talk on Many Subjects. The American merchant marine, labor problems and the war revenue bill were other subjects taken up at the conference tonight which lasted until about 10 o'clock. The president was said to have reiterated his opinion on the necessity for a great fleet of ships to carry the nation's commerce and to that end favors continuation of the government's shipbuilding program.

Regarding labor senators were said to have been told that maintenance of utmost confidence between employers and employees is particularly essential during the period of reconstruction.

Retrenchment in federal expenditures as far as is consistent, was said to be desired by the president who told the senators he already had taken steps to that end. In this connection the pending war revenue bill was discussed especially with Senator Simmons, chairman of the senate finance committee. The president asked regarding prospects of its passage, in view of his approaching departure for France and was advised by Senator Simmons of the prospect of delay and determined Republican opposition to the plan proposed by Secretary McAdoo for determination in the pending measure of 1920 tax rates.

Reconstruction and legislative questions the senators were said to have been informed, probably will be discussed by the president in his address at the opening of the new session December 2. At that time he is expected to outline his views on the necessity for maintaining a strong government agencies at least for a limited period after the peace treaty is signed.

Will Sail in December. The president plans to sail for France soon after congress reconvenes and it was understood that for this reason he desired the leisurely conference tonight covering the broad field of legislation and other questions. In connection with the president's plans for transacting his business with an American embassy headquarters there will be little difficulty in disposing of questions that arise. If necessary, it is said, the engrossed bill could be sent him by a courier on a dispatch boat. A veto it was said, could be accomplished by cable.

In the discussion of legislative questions, it was said that only those of the coming session were considered and that no mention was made either of prospective Republican control of the next congress or of an extra session.

## TOTAL SUBSCRIPTIONS TO FOURTH LOAN \$6,989,047,000

WASHINGTON, Nov. 19.—Total subscriptions to the Fourth Liberty Loan were \$6,989,047,000, the treasury department announced today after final tabulations were completed. The over-subscription of \$89,047,000 was 15.48 per cent. Every federal reserve district exceeded its quota.

This makes the Fourth Liberty Loan by far the greatest war loan ever floated by any government. For the fourth consecutive time in the last eighteen months of war the American people have given more than the government asked to finance the war program. Including the four Liberty Loans and war savings the nation has raised \$17,852,000,000 in popular loans. This does not take into consideration over-subscriptions which were not accepted.

Bonds of the fifth war loan, to be offered probably in the spring will be of short maturity, Secretary McAdoo announced today. This was interpreted as meaning five years or less. The secretary said it is impossible now to predict the size or time of flotation of future bond issues necessary to cover the remaining war expenses but added that "it is entirely clear the moment had come when the interests of the government and the country would be the policy of the treasury."

Existing war obligations mature as follows:

First Liberty Loan \$2,000,000,000, redeemable at the option of the treasury after 1932 and payable not later than 1947; Second Liberty Loan \$3,000,000,000, redeemable after 1927, payable in 1942; Third Liberty Loan \$4,176,000,000, redeemable and payable without option in 1928; Fourth Liberty Loan \$6,989,047,000, redeemable after 1933, payable in 1938; war savings \$979,330,000, up to the present, payable in 1923.
With this program of maturity the treasury by exercising its option can call in the nation's war debt for redemption in installments every five years until 1947.

Reports by districts arranged in order of the over-subscriptions; percentages are as follows:

District	Quota	Subscriptions	Percent
Boston	\$500,000,000	\$622,221,850	124.44
Richmond	280,000,000	352,688,200	125.95
Philadelphia	500,000,000	598,763,650	119.75

## Plentiful Supply of Army Officers Will Be Retained

WASHINGTON, Nov. 19.—Steps to retain permanently in the army officers commissioned from civil life who have displayed marked ability in the service are being considered by the general staff. Plans for the demobilization of officers, it was learned today, are being shaped with this end in view.

The first of the approximately 160,000 men in the officers' reserve released will be men who have not received commissions. Consideration it was said next will be given to applications from officers who wish to return to civil life, but to retain their status as reserve officers subject to call for a period of years. General staff officials believe a large portion will follow this course thereby giving the United States an adequate supply of competent reserve officers for the first time in history.

In passing officers back into the inactive reserve list, care will be taken to hold to the last officers who desire to apply for commissions in the regular establishment and whose records show them to be fitted for regular army life. It is by this means that men of special talent will be sifted out and kept available as long as any reserve officers are on duty. Should the organization program for the reserve be carried out before all have been released from active service such officers will have a chance to pass indirectly into the regular army. Until the form and size of the regular establishment is known officers said nothing can be done toward giving these highly qualified men permanent military status.

## OVERCHARGES MUST BE EXPLAINED

SPRINGFIELD, Ill., Nov. 19.—The Peoples' Gas Light and Coke Company of Chicago was cited by the Public Utilities Commission today to appear before the commission at 10 a. m. Nov. 26, to give an explanation and showing of the reasons or causes of the alleged excessive overcharges for gas in the City of Chicago during the past month and why complaints of the consumers have not been adequately cared for by the said Peoples' Gas Light and Coke Company, and to make such showing in the premises as to this commission may seem pertinent and necessary.

The commission says knowledge has come to it recently showing that charges of the company for the past month "in certain instances seem grossly excessive and in apparent conflict with the rate schedules on file with this commission."

## REDUCE R. R. FARES FOR SOLDIERS

Washington, Nov. 19.—Director General McAdoo today announced his intention of establishing a reduced passenger rate of two cents a mile instead of the usual rate of three cents for soldiers returning to their homes after discharge from the army. By law soldiers are allowed three and one half cents a mile for transportation and the meals and the special fare will enable them. Mr. McAdoo believes to buy meals and pay for sleeping car reservations out of the allowance.

## THANKSGIVING Proclamation Issued By Governor Lowden

SPRINGFIELD, Ill., Nov. 19.—Governor Frank O. Lowden issued the following Thanksgiving Proclamation today:

"The president of the United States has designated Thursday, November 28, 1918, as Thanksgiving Day.

"In pursuance of the proclamation of the president, I, Frank O. Lowden, governor of Illinois, do hereby urge our citizens to observe that day as a day of prayer and thanksgiving. I urge our people assemble in their places of public worship and there render thanks to Almighty God for the manifold blessings he has vouchsafed to us in this time of our great trial.

"There is much for which we should render thanks on this Thanksgiving Day. Above all, the God of righteousness and justice, the God of our fathers, again has vindicated his sovereignty over all the earth and has triumphed over the powers of evil and darkness. Our faith has been strengthened and we now see with a clearer vision that God rules the world. Let us again thank for our superior knowledge of him and let us also thank Him that man, created in the image of His Maker is proving his right to rule himself.

"Our soldiers have shown their valor upon a score of battlefields. We ask of them only that they, with our Allies, hold our enemy in check until another year. They have shown from from victory to victory until they hold the last of their foes within their grasp. They have not only proven their metal as soldiers but they equally have shown their fine ——— as men. For all this, we surely should return thanks to Almighty God.

"And now that the clouds of war have lifted humanity faces a new and fairer day. Out of this great war there comes clearer than ever, those shining ideas that shall rule the world: the Fatherhood of God and the brotherhood of man."

## WISCONSIN COLLEGE PRESIDENT DEAD

MILWAUKEE, Wis., Nov. 19.—President Charles R. Van Hise of the University of Wisconsin died at a local hospital today from pneumonia following a long illness.

Dr. Van Hise came to Milwaukee last Friday. Late Sunday night or early Monday he developed a temperature and yesterday about noon became unconscious and from that time gradually failed until the end today.

## STUDENTS IN WAR SERVICE MAY RETURN TO SCHOOL

Cambridge, Mass., Nov. 19.—The faculty of Harvard University decided today to allow qualified students now absent on war service to return immediately to their studies. The last day for registration at the present term was set for November 29 and for the following term for Dec. 30.

## HUN IRON CROSSES SELL CHEAP

Paris, Nov. 19.—The iron crosses which the former German emperor so lavishly bestowed during the war are now being sold in Germany for five pfennings apiece, about one American cent apiece, a telegram from Amsterdam says.

## THOUSANDS OF TONS OF FOOD ON WAY TO EUROPE

### Will Be Distributed Among Devastated Countries

WASHINGTON, Nov. 19.—Ships carrying two hundred thousand tons of food for the populations of northern France, Belgium and Austria now are en route to Europe. They are proceeding under sealed orders to Gibraltar and Bristol channel ports and on arrival will await word from Food Administrator Hoover as to their final destinations. Those going to Gibraltar are expected to proceed to Adriatic and Mediterranean ports and the others to French and Belgian ports.

One of the last acts of Mr. Hoover before sailing for Europe was to appoint a special shipping committee headed by Theodore Whitmarsh of the food administration to co-operate with the shipping board and the commission for relief in Belgium, in facilitating the shipping of food to the demoralized civilian populations in the countries devastated by war.

Neither the number of ships involved in the present movement nor the proportion that would be diverted at Gibraltar for relief of southern Europe and the Near East could be learned. It was stated final arrangements for feeding the peoples freed from the yoke of German militarism is awaiting Mr. Hoover's arrival in Europe and the result of his survey of the situation there.

To Ship Supplies Where Needed. The purpose of sending some of the ships now going to Gibraltar and others to the Bristol channel ports, it was explained, was to have immediately available at convenient ports supplies to ship quickly where Mr. Hoover finds the need to be the most urgent.

Officials here of the commission for relief in Belgium believe the destination of ships on their way to Gibraltar is the Port of Trieste. The ships now on their way are understood to be the first that have left American ports with food for countries other than northern France and Belgium. It was said that more than 200,000 tons of food monthly will be required to relieve distress in Central Europe and the Near East. Increased shipments from American ports and the Argentine for the peoples of liberated northern France and Belgium were begun several weeks ago.

## TELLS WHY CABLES WERE TAKEN OVER

WASHINGTON, Nov. 19.—Postmaster General Burleson issued a statement today outlining what he characterized "the determining factors" which led to the taking over of cable systems Nov. 2nd, under the joint resolution of congress authorizing government control and operation of telephone, telegraph, cable and radio systems in this country. Land telegraph lines already had been taken over by the government and Mrs. Burleson and the necessary for continuity and common control between such system and the cable lines has been most conclusively shown by the fact that both the Western Union and Postal Telegraph companies have their independent cable systems and have contractual relations with other cable companies which make those lines more or less a part of the country's telegraph system.

"There never was a time in the history of this war," said Mrs. Burleson's statement "which called for such a close control of the cable systems as today and will continue during the period of re-adjustment. The absolute necessity of uninterrupted, continuous communication should be apparent to all. The postmaster general is now operating all the telegraph and telephone lines in one system. The recent breakdown in connection with one of the cable systems has demonstrated the absolute necessity of being able to utilize at will the facilities of either cable system which all the land line systems, in order that traffic may be adjusted in the same hands as is on the land lines."

## SOLDIERS START RIOTS.

Copenhagen, Nov. 19.—Soldiers returning from the front are responsible for riots in Baden and Wurttemberg. They are plundering shops and farms. The peasantry is organizing patrols to protect property.

## THANKSGIVING FOR YANKS.

Paris, Nov. 19.—A Thanksgiving Day program for the American soldiers in France including football games between rival units, is being arranged by Y. M. C. A. Celebrations will be held in all the units. Eighty-five professional and forty soldier theatrical organizations will give performances.

## Thirty-two States Over Top in War Fund Campaign

NEW YORK, Nov. 19.—Thirty-two states had gone over the top, six having passed the 150 per cent mark, when the United War Work campaign entered its night on the last 24-hour stretch.

With \$157,295,058 in contributions officially tabulated and today's returns yet to be added, officials were confident the fund would pass the original quota of \$170,500,000 and closely approach the \$250,000,000 mark at which the actual needs of the seven war relief organizations during the period of demobilization have been placed.

Word went out tonight to leaders of the drive in all parts of the country to keep the ball rolling until the drive closes officially tomorrow at midnight.

On the face of the returns tonight Delaware ranked as the banner state with contribution of \$1,050,973 or 230 per cent of its quota. Arizona was second. Among large contributions, reported today were \$1,000,000 by Mr. and Mrs. William Rockefeller, \$500,000 by the Carnegie Corporation of New York and \$200,000 by the Anaconda Copper company.

The committee in China tonight called that country, from which \$250,000 had been expected already had contributed more than \$1,000,000.

## READJUSTMENT OF WAR APPROPRIATIONS TAKEN UP BY CONGRESS

WASHINGTON, Nov. 19.—Re-adjustment of departmental appropriations from war to peace basis was begun today by congress. The house naval committee took up revision of the naval bill for the next fiscal year and members were insistent that expenditures be held to the lowest possible minimum consistent with effective operation and the rebuilding of the navy. As recommended by the navy department the bill carries a total of \$2,440,000,000, the estimates being made in the belief that the war would continue thru next year. Rear-Admiral Earle chief of the ordnance bureau who was before the committee today said the department now is revising its estimates.

Admiral Earle also revealed that since hostilities ceased the ordnance bureau has cancelled contracts amounting to \$421,359,000.

Today's hearing had to do with only one-fifth of the estimates in the bill and after the committee adjourned members could not hazard a guess as to the final amount that will be recommended for the navy. Secretary Daniels will be called into conference tomorrow for discussion of the navy's needs and the committee-men hope to get a clearer idea as to the size of the task before them in paring down estimates.

Representative Butler of Pennsylvania criticized Admiral Earle's request for \$3,000,000 for ordnance and ordnance stores next year, saying it was greater than the amount appropriated in war time. He also voiced objection to the collection of 112 battleships at the Ford plant at Detroit. When asked whether Henry Ford would lose money if the contract were cancelled Admiral Earle said Mr. Ford received no profit for the work. The plant, he said, was financed by the navy department.

## HEAD OF MORMON CHURCH DEAD

SALT LAKE CITY, Nov. 19.—Joseph F. Smith, president of the Church of Jesus Christ of Latter Day Saints (Mormon) died at his home here early today after a long illness. Death was due directly to a paralytic stroke suffered last April. Notwithstanding his illness President Smith attended the recent semi-annual conference of the church, held the first week of October, and spoke at length against polygamous marriages, which it was rumored had been surreptitiously performed during the last few years.

## PROPOSED SALE HELD UP

New York, Nov. 19.—The proposed sale of the British tonnage of the International Mercantile Marine company to a British syndicate has been held up at the request of the authorities at Washington, it was announced today by P. A. S. Franklin, president of the company.

## SEND MESSAGE TO WILSON

Springfield, Ill., Nov. 19.—Illinois Odd Fellows in annual convention here today sent the following message to President Wilson:

"The Grand Lodge of Illinois, I. O. O. F., in annual session at Springfield, representing 109,000 Odd Fellows of Illinois extends to you their congratulations upon your great victory for civilization and world peace, the triumph of right over might."

## DIES FROM EXPLOSION OF SHELL CAP

Washington, Nov. 19.—The navy department announced today Ensign Fred E. Ries, of Aurora, Ill., who was on duty overseas, died Nov. 16 from injuries received from the explosion of a shell cap.

## WAR DEPARTMENT KNEW GERMAN BREAK WAS NEAR

### Computed By Officials Many Weeks In Advance

WASHINGTON, Nov. 19.—Knowledge in possession of officials here of conditions in Germany during the war was so accurate that the American general staff had computed many weeks in advance almost to the exact date on which the breaking point would be reached. A chart which was hung today in Secretary Baker's office shows the fluctuations in the "moral of the German nation" from August, 1914 to the present month. Assuming the government to have had one hundred per cent support of the people at the beginning of the war the chart shows how the German morale fell and rose under the influence of various factors. These influences included not only the military situation of the armies and the results of the submarine campaign but the unanimity of purpose evidenced by the different groups in the reichstar and the economic condition of the country. So remarkably accurate was the information upon which the chart was based that the "moral line" reached the zero point between Nov. 10 and 15.

The chart indicates clearly that every major operation of the German military forces was influenced by the state of public mind at home. Thus General Mackensen's attack in the Balkans, the declaration of unlimited submarine warfare, the second Italian offensive and the advance on the western front which was met and stopped by American marines at Chateau Thierry, were all inaugurated when the morale line showed dangerous slumps. In each case, initial successes moved the hopes of the German people, as portrayed by the little dotted line up toward morale.

Additional evidence of the remarkable extent to which the allied intelligence bureaus obtained and tabulated military information is shown by a great war map in the office of General March. This map gives the entire western front in great detail and locates not only every allied unit, but those of the enemy down to detached regiments the composition of the opposite forces, their commanders and in most cases, their headquarters. Opposite each German army unit the map shows a list of the "used" and reserve organizations. On Nov. 11, when the armistice was signed, long lists of divisions which had been entirely used up were noted but the reserves were not.

Here two fresh German divisions were being held for use against the imminent renewal of King Albert's drive toward his capital.

## I. O. O. F. ENCAMPMENT ELECT OFFICERS

SPRINGFIELD, Nov. 19.—Huntington James of Kankakee by succession became grand patriarch of the Illinois grand encampment, I. O. O. F., at the annual convention of the order here today. He succeeds Walter J. North of Chicago who was elected grand representative.

Charles W. Byers of Springfield was chosen grand junior warden, the stepping stone position to higher honors, defeating E. A. Richmond of Moline.

Other officers are: grand high priest, Samuel Erickson, Chicago; grand junior warden, O. C. Forsman, Carlyle; grand treasurer, Charles D. Merritt, Salem.

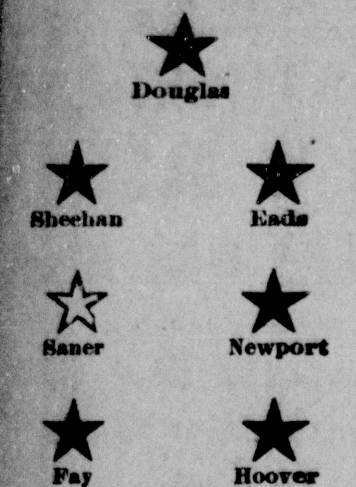

Officers will be elected by the grand lodge and Rebekah assembly tomorrow.

## 66 ELEVATED FARES.

Springfield, Ill., Nov. 19.—The state public utilities commission late today entered an order authorizing elevated railways of Chicago to charge six cent

Fathers, long neglected, are now to come into their own. For Sunday, November 24, has been officially designated as Father's Day by the American Expeditionary Forces. On that date the soldiers in France are well expected to write home to "dad" and the fathers are to write to their sons on the same date.

### CREDIT FOR STUDENT SOLDIERS.

Men in business and professional life all have their problems in connection with the after-war period. This also will apply to many colleges. There will be special problems in connection with the courses and one matter which a number of institutions must settle is with reference to the possible credits to be given the young men who have been in the army service for the past year.

Many young men left their college work to go into the war. Since that time a majority of them have spent much of their time in study. At the cantonments, schools have been regularly conducted and many of the soldiers have worked more industriously in the study of sciences, history, civil government, geography and some other themes than they have ever done before. For both patriotic and educational reasons it seems that these young men, when they return to the colleges should be given some credit for this period of intensive study.

### SPORTS READJUSTMENT.

The period of readjustment in American sports will come quickly, according to the managers, and no one doubts the statement that it is really a marvelous record that American baseball, from a national standpoint, was only disarranged for a month—or rather the seasons during all the war period were shortened only one month. Possibly it will be more than another season before American baseball resumes all of the pre-war conditions because of the general scattering of players, some of whom will possibly still be in the army or navy service for some months to come.

As a war result baseball bids fair to become an international sport instead of a national one, for it is said that soldiers of the

allies have been wonderfully interested in baseball as they have seen it played by the American soldiers. The readjustment of sports will take place rapidly and easily from the general nature of things, and it is only to be hoped that "business" of other kinds can be readjusted as readily. "Business" as applied to sports is not a misnomer for American baseball has its distinct business side and really constitutes one of the important industrial enterprises of this country.

### MUST STILL CONSERVE FOOD.

Herbert Hoover, Food Administrator of the United States, is upon his way to Europe to become, in effect, food administrator over there. His mission is to prevent, as far as may be, the ravage of that continent by hunger and want, according to a State Council of Defense Bulletin.

Of course it is of vast importance that the people of that already devastated continent shall be fed—both enemy and friend. Not alone humanity, but politics as well, demands that the defeated Central Powers shall be looked after. Bolshevism and anarchy are a natural result of hunger. The Allies and America have whipped the Central Powers soundly; these powers know they are whipped. Neither the Allies nor America wants now to be compelled to send armies into these beaten countries to stop their own people from killing one another.

Mr. Hoover is on his way to Europe to prevent such an outcome. One ship-load of food, properly distributed, will cure a wider area and a larger number of people of the ailment of Bolshevism than all the advice in the world, or a division of troops. It is to be Mr. Hoover's job to see that available food shall be distributed so that it will do the most good, both to relieve suffering and to prevent anarchy.

He cannot distribute food, however, unless there is food to be distributed. There isn't food enough in the world to give everyone all he wants of everything he wants. Especially there isn't food enough in America, the granary and cold storage house upon which the world chiefly relies, to permit it to return to its old before-war habits of extravagance and waste, and still contribute its share of food to Europe.

### ANOTHER PATRIOTIC CAMPAIGN SUCCESS.

The United War Work campaign in Morgan county came to its formal end last night with the grand total of subscriptions \$71,342. This is about \$9,700 less than the amount asked of the county but is nevertheless a very creditable showing.

Furthermore, the campaign has not yet ended and in the country precincts members of campaign committees have readily given assurance to the managers that the work of solicitation will be continued as soon as the roads and health conditions make this possible. Many of these precinct workers have in mind the fact that during all the round of war activities Morgan county has never failed to make good and has measured up to every responsibility. They naturally do not want to see this record broken and are going to patriotically endeavor to have the county make enough additional subscriptions to reach the goal of \$81,000. The subscriptions already received, however, comprise a very creditable total, representing as it does more than 30 per cent over the original quota of \$51,000, assigned to the county.

It is a noteworthy fact that business interests of Jacksonville, save in a few instances, have not profited from the war and yet in every one of the activities the city has fully met its responsibilities. In the present instance the original quota was oversubscribed more than eighty five per cent.

The credit and glory for the good showing made is shared by thousands of loyal citizens of this county. They owe much to leadership and the earnest spirit of

co-operation shown by Dr. C. H. Rammelkamp, the general chairman, and Dr. J. R. Harker, the county chairman, has furnished an abundant fund of inspiration for their captains, lieutenants, sergeants, corporals and high privates who have constituted the victorious army of campaign workers.

While there have been officers and privates in the campaign organization, it has been noticeable too that all have been on a common level and each one has seemed to feel a personal responsibility for the success of the campaign. It is this mutual sharing of responsibility—this mutual determination that the campaign should win out—which brought about the splendid results.

Many of the men and women in that organization have during the past week practically set aside all of their own business affairs, or have devoted an hour or two a day to their private business and the rest of the day and evening hours to the U. W. W. campaign. But to summarize it all, it is just the loyal spirit of patriotic co-operation that has won. As has been so often stated already, it will be unfortunate, indeed, if this same co-operative spirit does not live during coming days.

### TERMS OF PEACE

If Kaiser Wilhelm came to me, and asked for terms of peace, I'd say: "With you I do agree—this damned old war should cease. But when it comes to making terms, the blue prints that you ask, my rusty brainpan sort o' squirms, and balks before the task. I'd like to hear from many lands, from France, and Belgium, too, from children who have lost their hands, through orders sprung by you. I'd like to hear from British towns, where sleeping babies were killed; and from the traveler who drowns, torpedoed, Kaiserbilled. Alas, alas, the dear can't speak, from out their martyr graves; and neither can the sick and weak you drove away as slaves. I cannot hear from that brave nurse who fell at your behest; but Captain Fryatt's dying curse makes peace bunk seem a jest. Before I make a plan with you to shelve the battle blade, I'd like to hear a word or two from Elbert Hubbard's shade. I'd like to have you walk with me, and see the wreck of France, before we soak the snicker, and give away the lance. I'd have you read the daily list of brothers and of sons who die because of you. I wist, you and your vandal Huns. I fear if we make peace today, I'd soon know I had sinned; for you'd start out again to slay, when you'd regained your wind."

### ERROR IN FIGURES.

In the list of subscriptions to the United War Work Fund recently published thru error John A. Bellatti was credited with a pledge of \$25, whereas the figures should have read \$100. This correction and others that have been made are at the request of the campaign committee.

### LANDS ADDED TO DRAINAGE DISTRICT

Petition in County Court Granted and 1,400 Acres Are Added to Indian Creek District No. 2.

The final hearing in the petition of the commissioners of Indian Creek drainage district No. 2, was had before Judge Thomson in the county court Tuesday, and the petition was granted. The petition was filed for the purpose of adding certain lands to the district. Hearings were continued from time to time until the final order of the court yesterday. Indian Creek drainage district No. 2 as originally planned had its western terminus near Arenalville. It included about 4,400 acres of land.

Then came the petition to add other lands, most of which are in the Illinois river bottoms. There are 1,700 acres included in the area thus added to the district. R. P. Goodpasture, M. A. Heffner of Morgan county and Henry Treadway of Cass county are commissioners. They have been represented in the court proceedings by Worthington and Reeve, while certain objectors have been represented by W. H. Dietrich of Boardman.

The commissioners are now to proceed to secure the right of way and will then make the assessment roll as rapidly as possible. After that has been filed notice will be given and a jury will be empaneled to pass finally upon the assessments made.

Indian Creek district No. 1 formed a number of years ago has its western terminus about six miles this side of Arenalville. It is the intention to proceed now as rapidly as possible so that actual work in the district may be undertaken the coming summer.

### DR. HARKER MAKES FINAL U. W. W. REPORT

In making the last formal report of the County Precincts I wish to thank the captains and lieutenants of the several precincts for their faithful co-operation and good work. They have labored under many difficulties and deserve praise and appreciation.

Special honor is due to Franklin, Concord and Chapin, three precincts which have subscribed the full amount asked. Several of the other precincts expect still to keep on, and with good roads, and returning healthy conditions, will make substantial additions.

Especially I thank Dr. E. B. Landis and George R. Kendall, vice county chairmen, and Albert C. Metcalf, county assistant, for their constant help and co-operation.

All pledges and moneys that have already been sent to the treasurer, W. G. Goebel, at Ayers Bank. Any pledges or moneys still in the hands of workers, or yet to be received, should now be sent to Mr. Goebel.

I believe I voice the feeling of all connected with this great cause that it has been a joy and a privilege to have a part in it. The only regret that any of use can ever have will be that we could not do more.

Joseph R. Harker.

## EXEMPTION BOARD NEWS

The work of sending out questionnaires to registrants who were eighteen years of age Sept. 12 is continuing. The board wishes it understood that these questionnaires must be filled out in accordance with the government instructions. It is true that questionnaires for registrants of other ages do not need to be filled out, but in this instance the returns must be made.

### MARRIED AT GRIGGSVILLE

Tuesday afternoon, November 19, the marriage of Miss Laura A. Simpkin and Mr. Harry Edgar Lyle was solemnized at the home of the bride's father, Thomas Simpkin, Sr., in Griggsville. The ceremony was said by Rev. Robert Hall Atchison, pastor of St. Anne's church. The beautiful Episcopal ring service was used, the company present including only the near relatives of the bride and groom. The wedding event came as a surprise to nearly all of the friends of Mr. and Mrs. Lyle, who were not aware of their plans. The bride has spent the greater part of her life in Griggsville, although she is quite well known in Morgan county. She is a young woman of such character and personal charm that a large number of friends can unite in extending their heartiest congratulations.

Mr. Lyle was born a resident of Greenville, Ohio, but removed to Griggsville about ten years ago. He is engaged in farming near that city and has won the very high esteem of the people of his home community.

After the ceremony and extending of congratulations refreshments were served to the assembled company. Mr. and Mrs. Lyle left on the evening train for Hannibal and after a brief wedding trip will return to Griggsville.

William G. Richardson of this county was one of those present for the ceremony, the bride being a sister of Mrs. Richardson.

## THE VICTORY GIRLS IN U. W. W.

Excellent Work and Generous Giving by These Young Misses

The Victory Girls' quota for the United War Work Fund was \$1,000. The Victory Girls were to be between the ages of 12 to 20 who would contribute toward this amount and so earn the right to wear the Victory Girls' button. The buttons never reached Jacksonville but that did not keep any girl from doing her part and if all the girls under 20 who contributed had been counted as Victory Girls we would have gone away over the top. However, there were good reasons why this could not be done.

Since these girls could not be reached thru the Public Schools in the usual way and the Jacksonville Victory Girls' chairman, Mrs. Ben Lorton, was finding it difficult to organize an effective campaign, the work having been thrust upon her at the last moment, the Patriotic Service League offered its services. They were gladly accepted and the council of the league met with Mrs. Lorton and Mr. Perrin to plan the campaign.

It was decided to make a house-to-house canvass and in addition use a list of names made by Mr. Perrin for special soliciting.

The girls started out with high spirits feeling sure of success but soon found that where solicitors for the adult campaign had preceded them the girls pledges had been taken and were being published with the adult list. Investigation brought forth the confession from the committee in charge of the adult campaign that the Victory Girls and Boys had been absolutely forgotten and had not been considered at all when the cards were given out to their solicitors and these cards included every man, woman and child old enough to earn or give money.

Then it was found that hundreds of dollars had been given by the girls in the colleges toward the college quotas. Among these were most of those able to give freely and these could not be expected to make separate pledges toward the Victory Girls' quota.

There are many girls under 20 working at Capps' factory and other places who gave their money with their working group.

These things should all have been taken into consideration when the campaign was planned, but since they were not and no particular person is to be blamed we feel that, considering the fact that the people could not be appealed to by inspiring speeches in the usual manner and that the vast amount of sickness entailed an unusual expenditure often borne in part by the girls, that the Patriotic Service League Girls who labored so strenuously all week should have high praise for bringing the amount raised for Victory Girls to \$461.45.

These girls and all in the league who gave to this great cause, are truly keeping that part of their league pledge which says:

"I pledge to express my patriotism by rendering whatever special service I can to my community and country."

The committees selected to do the work are as follows:

First ward—Catherine Walsh, lieutenant; Dorothy Perry, sergeant. Miss Walsh has made four groups of her ward with two workers in each group as follows, First, May Hoban, Anna Flynn; second, Mayne Heggarty, Agnes Shields; third, Kathryn O'Brien, Mayne Kelly, fourth, Catherine Walsh, Dorothy Perry.

Second ward—Agnes M. Paxton, lieutenant; Margaret Todd, sergeant; workers, Helen Jackson, Alberta Scarlett, Florence Cox, Bonnie Woods, Martha Priest, Mildred Henderson, Marion Spruit.

Third ward—Josephine Yeck, lieutenant; Helen Sweeney, sergeant; workers, Ethel Anderson, Elsie Pires, and Kathleen Rapp. Mary Winchester, Mary Clappitt, Lillian Carter, Josephine Gebert, Gladys Howard.

Fourth ward—Mrs. Vorce Bassett, lieutenant; Helen Adams, sergeant; workers, Ann Stevenson, Anna Weir, Bettie Palmer, Lora Bancroft, Mary Carr, Florence Rice, Margaret Hamilton. Mrs. Bassett will add others to this list.

### THE FLU SITUATION

The local health situation continues, practically unchanged as the records in the office of the health warden yesterday showed twenty five new cases. There is no question but that the prevalence of the disease is having its effect on business, as people from both city and county are reluctant to visit the business district if they can in any reasonable way to avoid these visits. If any action on the part of health authorities or citizens can be taken to relieve this general situation it should be done, both from the standpoint of health and business.

### OLD FRIENDS MET.

Mr. and Mrs. C. M. Coons, living east of the city, recently enjoyed a visit from their friend, J. C. Steffer. They had not met him since the wedding of Mr. and Mrs. Coons thirty two years ago, and it is needless to say that the visit was one which meant very great pleasure for the host and hostess and their guest.

### H. S. FOOT BALL GAMES CANCELLED

There will be no more foot ball games for this high school this year, according to a statement made by Principal Hopkins recently. The remaining games scheduled for the season have been called off on account of influenza in various cities in this part of the state.

## SECOND EMERGENCY HOSPITAL IN USE

Several Influenza Cases Already Being Cared for By Arrangements Made With Dr. Hill—More Nurses Sent to Hospital Number One.

As already indicated, the emergency hospital on West State street established by the Red Cross influenza committee, of which Judge Brockhouse is chairman, is now overcrowded and additional space and nurses became imperative.

Judge Brockhouse and Dr. E. F. Baker as a representative of the state board of health took the matter up with Dr. E. L. Hill, Hill, superintendent of Jacksonville State hospital. It was found that Dr. Hill could spare some additional space for hospital purposes and provide both nurses and medical attention. It was of course necessary for Dr. Hill to take the matter up with the board of public welfare and secure authority and this was done yesterday. When the local conditions were explained to the board they readily gave permission to Dr. Hill to make the suggested arrangements. According to a word was set aside for the care of influenza patients at the state hospital, and several cases are already being cared for there.

On Monday there were sixteen patients at the emergency hospital and only two nurses to care for them and it was this situation which brought about the request to Dr. Hill and his state board.

The facilities at the state hospital are sufficient for fifteen or sixteen cases but it is entirely possible that if the need arises that Dr. Hill will arrange for additional space. Three nurses by Dr. Hill's direction were yesterday detailed for service at the emergency hospital on West State street and their presence there will greatly relieve the situation.

Judge Brockhouse stated last night that he had been glad to avail himself of the services of Julius G. Strawn who will have general charge of the transportation as related to the influenza relief work. As meals and supplies are being taken to so many people and other work in connection with the situation is so largely extended, the transportation problem is one which demands a good deal of attention.

Up to this time it has been in charge of Mrs. M. E. Gilbert, who now finds it necessary to devote her time to other work.

In addition to other donations received Judge Brockhouse has reported the following:

C. H. Russell, \$3.  
Mr. and Mrs. Ensley Moore, \$10.

Marcus E. Hulet, \$10.  
The chairman of the committee also received recently from R. O. Johnson of Kansas City donation of \$5 toward the expense of the emergency hospital and a promise that another donation would be sent later. Mr. Johnson was in the city several weeks ago on business when he became ill and was taken to the hospital for care. He said in his letter that he is well aware that the money he is sending was not nearly sufficient to pay for the good care received, but said it was all that he could send at this time.

Isaac Tindall Gruber passed away at his home, 1240 Allen avenue at 6:10 o'clock Wednesday evening after a brief illness of pneumonia. He was the eldest son of John H. and Mary E. Gruber and was born in Jacksonville, Ill., February 17, 1856. His parents preceded him in death several years ago.

He was married on October 1, 1889 to Miss Ethel Bloss and to this union were born nine children. He leaves to mourn his loss his widow and eight children: Earl, George, Stella, Nelson, Lawrence, Hazelton and Marietta at home and Mrs. George Collins of Pisgah. An infant son preceded him in death in 1902. He also leaves five grandchildren and three brothers, John of Virden, Ill., Walter of Tucson, Arizona and Charlie of this city. There are also a number of nieces and nephews.

For many years Mr. Gruber engaged in the transfer business following that occupation until an affection of the eye destroyed the sight and compelled him to give up the work. Since then he has lived a retired life. Mr. Gruber was a member of the Central Christian church and of Illinois Lodge No. 4, I. O. O. F. He was a man highly regarded by all who knew him.

The funeral was held from the residence on Allen avenue at 2:30 o'clock Saturday afternoon in charge of Rev. M. L. Pontius pastor of the Central Christian church. Members of Illinois Lodge No. 4, I. O. O. F., had charge of the services at the grave. Music was furnished by Miss Cora Graham, C. L. Mathis and W. W. Gilman. The flowers were cared for by Mrs. Bodwell, Miss Carson and Mrs. Orville Gaither and Lee Gruber.

Burial was in Diamond Grove cemetery, the bearers being: John Minter, W. J. Bown, Arthur Ellis, Adam McLaughlin, C. O. Beyha and J. N. Deatherage.

We have lost our darling father. He has bid us all adieu. He has gone to live in Heaven. And his form is lost to view. Oh, dear one, how we loved him. Oh how hard to give him up! But an angel came down for him And removed him from our flock. Farewell dear father, sweet thy rest. Weary with years and worn with pain. Farewell till in some happy place We shall behold thy face again. 'Tis ours to miss thee, all our years And tender memories of thee keep. Thine in the Lord to rest, for us, He giveth His beloved sleep.

## WINCHESTER

Winchester, Nov. 19.—The funeral of Mrs. George Colling occurred Sunday afternoon at two o'clock from the Methodist church, Rev. C. W. Cassey officiating. The choir of the church sang, "Jesus Savior Pilot Me," and after the scripture lesson and the reading of an obituary sketch, Mrs. S. G. Smith sang a solo. At the close of the service the choir sang, "In the Hour of Trial." The pall bearers were Joseph Roark, Arthur Bush, William Redshaw, Charles Townsend, Thomas Kirkman and W. E. Clark. Those in charge of the flowers were Mrs. Coulson of Chapin, Mrs. Coulson of Exeter, Mrs. Bert Carey, Mrs. Bessie Southwell, Mrs. M. W. Sappington and Mrs. Thomas Kirkman. Interment was in Gillham cemetery.

Alfred Peak, son of Mr. and Mrs. Fred Peak, passed away Tuesday morning at 6 o'clock at the home of his parents, after a few days' illness of pneumonia. He leaves his father and mother, his sister Frances and one brother, Robert. The family has the sympathy of many friends in this hour of sorrow. The deceased was a member of the freshmen class at the high school and will be greatly missed by his school mates.

The general assembly of the Woman's club was held Monday afternoon at the public library. Owing to the fact that sickness is so prevalent there was a very small attendance. Rev. C. W. Cassey made a talk on "The Eastern Front." It was a very interesting and informing address and it was unfortunate that there was so small a company present to hear it. Mr. Cassey was born in England and is quite familiar with European conditions.

Allice Cotter and grandson of Granite City are visiting at the home of Mr. and Mrs. James Dodson.

Mrs. George Woodall and daughter, Mrs. George Cowick, left Tuesday afternoon for St. Louis.

There were so many absent from school Monday on account of illness that it was decided to again close the schools for a short time.

Official notification has been received from the Red Cross organization that parents who have not received Christmas labels from their sons may secure labels thru the Red Cross organization by accompanying their request with affidavits setting forth the facts. These labels can be secured from the main office of the Red Cross or thru the branches.

## CORPORAL WEBER HERE ON FURLOUGH

Among the Morgan county soldiers to whom the closing of the war doubtless brought a certain amount of regret was a group of young men who have been at Camp Taylor and had not long since passed successful examinations for officers' training school. In fact, they had their orders to report at Camp Gordon, Ga., and expected to leave last Wednesday. Before the hour of their embarkment the order for them to go to the southern camp was cancelled. This group of young men included Virgil Edwards, Charles Gruber, J. W. VanValzah and Myers Weber.

The last mentioned who was some time ago promoted to a position as corporal, is now in the city for a brief furlough and is at the home of his parents, Mr. and Mrs. Herman Weber on South Main street.

## HIS EYE WAS TAKEN OUT

Taylor Henderson, who recently had an eye removed, was able to be about the city yesterday and was feeling well though the right side of his face was well bandaged. His experiences were peculiar. Friday, the 8th, he went up to his farm near Litterberry to look after matters and began to feel an ominous pain in the right side of his face. He paid little attention to it and went to the farm next day feeling still greater pain.

Sunday morning a friend drove to the house in a buggy and Mr. Henderson mentioned the pain in his face which had reached his eye and was quite bad. The friend strongly advised him to consult an oculist and took him to Dr. Adams who told him that his eye was in a bad condition. Feeling there was safety in a multitude of counsel he had Dr. Gregory called in consultation and both doctors examined the eye and pronounced it bad. They gave directions for the right and next morning told Mr. Henderson there was pain in the eye that should come out requiring an operation. To make sure he had his family physician, Dr. Ogram called and that gentleman fully endorsed what the specialists had said. The operation was performed and that night Mr. Henderson suffered great pain. Next day he reported to Dr. Adams who ordered him to the hospital. Dr. Ogram and Dr. Gregory were there and Mr. Henderson was told that his eye ought to come out else it might affect the other and he submitted to the operation which was a success. Had he been obstinate he might have lost the sight of both eyes. He is at a loss to understand the cause of his trouble. His system is in good condition and neither he nor any of his family are subject to trouble with their eyes.

## SOLDIER LIVED IN MORGAN COUNTY

Sergt. Paul Bethard, 28, of G Company, 331st Infantry, killed in action Oct. 4, was an orphan and for four years before his induction into the service last May, was employed as a barber by George W. Pollock, 316 St. Clair avenue, East St. Louis. Before going to St. Louis he made his home with J. F. Blumling, near Murrayville, and was employed on their farms.

Pollock said that he would make every endeavor to have the body brought back and interred in the National Cemetery at Jefferson Barracks.

## Who Should Take Nuxated Iron and Why They Should Take It

Physician Explains—gives Practical Advice On What To Do To Help Build Up Your Strength, Power and Endurance And Increase The Red Blood Corpuscles.

Commenting on the use of Nuxated Iron as a tonic, strength and blood builder, Dr. James Francis Sullivan, formerly physician of Bellevue Hospital, New York, and the Westchester County Hospital, said: "Modern methods of cooking and the rapid pace at which people of this century live have made such an increase in iron deficiency in the blood of American men and women that I have often marvelled at the iron weakness, restlessness, nervousness, lack of iron in the blood not only makes a man a physical and mental weakling, nervous, irritable, easily fatigued, but it utterly robs him of that virile force, that stamina and strength of will which are so necessary to success and power in every walk of life. It may also transform a beautiful, well-tempered woman into one who is cross, nervous and irritable. I have strongly emphasized the great necessity of physician making blood examinations of their patients. Thousands of persons go on year after year suffering from physical weakness and a highly nervous condition due to lack of sufficient iron in their red blood corpuscles without ever realizing the real and true cause of their trouble. Without iron in your blood your food merely passes through the body, something like corn through an old mill with rollers so wide apart that the mill can't grind."

"As proof of this take the case of former United States Senator and Vice-President nominee Charles A. Town, who at age 38 is still a veritable fountain of tireless energy. Senator Town says: 'I have found Nuxated Iron of the greatest benefit as a tonic and regulator. I shall not be without it. I am in a position to testify to the benefit of others to the remarkable and immediate benefits of this remedy, and I unhesitatingly recommend Nuxated Iron to all who feel the need of renewed energy and the regularity of bodily functions.'"

"Then there is former Health Commissioner William R. Kerr, of Chicago, who in past three years has made but still vigorous, active full of life, vim and energy. Former Health Commissioner Kerr says he believes his own personal activity today is largely due to his use of Nuxated Iron and that he believes it ought to be prescribed by every physician and used in every hospital in the country."

Lily Davis Drug Co., Armstrong & Armstrong, Gilbert's Dispensary, J. A. Obermeyer & Son.

"But in my opinion you can't make these strong, vigorous, successful, sturdy, iron men by feeding them on metallic iron. The old form of iron pills must go through a digestive process to transform them into active iron—Nuxated Iron—before they are ready to be taken up and assimilated by the human system. Notwithstanding all this has been said and written on this subject by well-known physicians, thousands of people still insist in doing themselves harm by metallic iron simply. I suppose because it costs a few cents less. I strongly advise readers in all cases to get a physician's prescription for organic iron—Nuxated Iron—or if you don't want to go to the doctor, then purchase only Nuxated Iron in its original package and see that this particular name (Nuxated Iron) appears on the package. If you have taken iron preparations such as Nux and Iron and other similar iron products and failed to get results, remember that such products are an entirely different thing from Nuxated Iron."

Massey's Nuxated Iron, which has been used by Dr. Sullivan and others with such surprising results, and which is prescribed and recommended above by physicians, is not a secret remedy, but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated and does not irritate the stomach, but rather builds up the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed by all good druggists.

## HOW THEY CELEBRATED IN PASADENA, CAL.

Interesting Letter From Thomas W. Lippincott to His Brother.

Captain Thomas W. Lippincott, residing in Pasadena, California, wrote an interesting letter to his brother, J. P. Lippincott of this city regarding the celebration in Pasadena. Capt. Lippincott was in Gen. Grierson's command and was in the famous raid, taking the extra hazardous part of advance scout.

Pasadena, Nov. 13, 1918. My Dear Brother:—

The world wags! And how it does wag. On Monday morning at about one a. m., Pacific Coast

**GET AFTER THAT COLD RIGHT NOW**  
Got right after it with a bottle of Dr. King's New Discovery

She never let a cough or cold or case of croup go until it grew dangerous. She just nipped it when she began to sniffle or cough before it developed seriously.

Men, women, and children of every age have used this preparation for fifty years as a prompt relief. All ages are using it today because of its quick results.

Constipation Corrected

time its wagging made such a din that though about 2½ miles from the noisy streets our sleep was disturbed. Some of our neighbors who had automobiles got up and went down to where the noise was and reported that the streets were so crowded with automobiles that it took a half hour to go a block. I arose at the usual time, which is not very early by the way, and after a frugal breakfast sat down to my pen and wrote the letter to you. I had better go home for dinner and a rest. There was to be a parade in the afternoon. A parade!

All day long from early morning until dark and later there was a constant procession of automobiles, autos, bicycles and of every kind of kind and quality from a well worn Ford to an apparently spick and span new \$7,000 limousine and from one ton business truck to an immense freight truck, all loaded with a happy, smiling, laughing, noisy throng. The sidewalks were crowded with an equally happy, noisy crowd. The greatest ingenuity had been exercised to invent new and efficient ways of making noises. About every third auto and many motorcycles and bicycles had a string of old tinware from tin cans to washboilers dragging on the paved street and all kinds of things improvised for ladies and girls in the cars to pound on to increase the din. I saw several cars which had from one to a dozen old fashioned cow bells dragging under cars which were doing free justice to their opportunity to make a noise. I saw several cars that had a small circular saw suspended from the roof of the car on which a lady with a hammer or some iron instrument would pound and do a very creditable stunt at making noise. The ladies and boys and girls on the sidewalks about half of them had long striped horns on which they blew discordant sounds at short intervals. I cannot begin to enumerate the various inventions to make noise but among them must be mentioned the honk, honk, of the automobiles, some of which were horrible.

Towards five o'clock, thinking that I had seen and heard all that I had capacity to appreciate I began to look for my street car. There are two lines on Fair Oak avenue which alternate and give us a ten minute service. I got a place outside of the crowd and waited forty or fifty minutes and a bunch of cars that had struggled through the crowd came along. The front car was O. K. for my destination but the conductor would not open the door and I saw the car was so jammed full there would be danger of some falling out. The next equally full did not go far my way. Then followed in quick succession three cars running on my route that should have been ten minutes apart. I arrived at home no worse for wear and sat on my porch in peace and quiet with no company except my thoughts and my beautiful starry flag which I had hung there in glory every day since its mission has been to wave in glory on the battle fields of Europe. My beautiful flag is eight feet long and if it was one inch longer it would reach the floor which boys of my neighborhood have told me would be very improper. How I love that flag! It seems like a personal affection. It seems to talk to me.

Shall I tell you what it is saying? I cannot nor do I wish to erase from my mind the thought that in my young and stalwart days I supported and defended that flag in many battles and if I and my companions had not earnestly and faithfully defended it then and brought it to victory without loss of a single star it would not have waved in glory in France.

I'll tell you what it says to me: "I am the 'Star Spangled Banner.' Those that love me call me 'Old Glory.' I am the Flag that makes you free. I am Liberty's flag. I am the first flag that waved to represent a people. All other flags, and there were very many of them, represented the majesty and tyrannical power of a King or Potentate. There is no suggestion of Majesty or Power when I wave on high except there is Power in Liberty and Majesty in Equality. My only motto is Liberty and Equality. I was conceived in the spirit of Liberty and dedicated to Equality. My sponsors were George Washington and the Continental Congress. My birthday was June 11, 1777. I was George Washington's flag. For five long years the people struggled and fought that I might wave on high until King George gave up and said the people may rule, but there can be no strength in such a government and it will go to pieces like a rope of sand at the first trial. For thirty years and more I waved until a trial came in the shape of a war with the mother country. But I waved in triumph at Lundy's Lane and at New Orleans and the People's Government did not go to pieces like a rope of sand, but held staunch and true like a cable of wire. Spain also had colonies in America as numerous as England had, and they noticed that I waved on high and that my song continued to be 'Liberty and Equality,' and they, each for himself, threw off the shackles of Kingdom and were free.

In 1861 a trial greater and stronger than any King governed nation ever withstood came upon my free people. It was again a five years struggle. It was long and for a time doubtful but finally the government came out victorious and grander and more glorious than ever. I waved on high and continued to sing my song of Liberty and Equality. England hastened to organize her colonies on the basis of Popular Sovereignty. Brazil, with great gentleness dethroned their beloved Emperor and organized a popular government. At the last throne or semblance of a throne had disappeared from the western hemisphere. It was my song and my waving on high that had brushed every throne and crown from the land of North and South America and my people became the freest, greatest, richest, strongest, nation in the whole world.

But my glories do not end here. The tyranny of Spain must be removed from the islands of the sea and the people of the Sandwich islands pulled down the flag of the heathen green and raised Old Glory in its place. President sent his commissioner to Honolulu to pull down Old Glory and raise again the flag of the Heavens Queen. A succeeding President sent the venerable Senator Morgan and Congressman Hitt to raise again the "Flag of the Heavens Queen," which never before had been pulled down after being once raised over territory and the Patriotic Senator said 'When a throne falls it is ground to powder, and when a crown disappears it disappears forever.'

"Having with waving on high and singing my song of Liberty and Equality for well nigh a century and a half whisked every throne and crown from the western hemisphere I am called to Europe. A fierce and despicable tyrant has overrun weaker countries and menaces the freest countries of the eastern world. He essays to dominate and rule all Europe. I am called and I go. At first with soldiers, but alas with too few. But when they march the streets of London and Paris and I wave on high they are received with smiles, with cheers, with flowers, with waving hats and with paeans. They have not yet brought their sword but I have brought them new spirit, the spirit of hope and of courage. Later when their numbers were larger but still too small the line was still going back the French officer said to the American commander:

"The ground you have lost is

immaterial. I will send you men to retake it."

"The men in the ranks said: 'We don't want relief; we want another whip at them.' The American officer said: 'My men will be greatly disappointed if they are not allowed to make a counter charge.' The counter charge was made and the Huns gave ground and from that time onward the French, English, Belgians and Americans fought with such courage and determination that there was no resisting their onward march.

"Liberty and Equality" was my song in Europe the same as in America. It is the only thing worth fighting for the only thing that soldiers that carried the ever flag that never was furled in disgrace.

"On my birthday a new epoch was ushered in. It was the Epoch of Liberty—the Epoch of government 'of the people, by the people and for the people.' It was the epoch when every citizen was the equal of every other citizen. When there was no privileged class calling themselves Princes and Lords. It was the era when people learned that Dei gratia Rex was a lie, and that the language of the people was 'peace on earth, good will to men.'

"Thrones fall and crowns disappear at my approach and the great noise that people heard on Nov. 10, 1918 all over Europe and perhaps louder in America was simply the falling and grinding to powder of almost the last throne on earth.

"My glory is almost beyond expression. 'The Star Spangled Banner.' My brother why did I write this to you?

I am full of it. It seemed I must say it to somebody and as I am idle—communing most with my own thoughts I just jotted them down, imperfectly, without a fourth part of the fire I would like to put in them.

With much love,

Your brother,

Thos. W. Lippincott.

## FUNERALS

**Corbin.** Funeral services for Eugene Corbin were held from the residence Tuesday in charge of the Rev. J. W. Muse. The flowers were cared for by Mrs. Arthur Corbin and Mrs. Nellie Douglas. Burial was in Jacksonville cemetery, the bearers being, John Douglas, Russell Higgins, Will Berry, Clyde Jackson, McKinley Ramey and Carey Wheeler.

## Turley.

Funeral services in memory of the late William Turley were held at the Turley residence, 901 West State Street, Tuesday afternoon. In accordance with the present status of public health affairs the funeral was private. Dr. F. B. Madden, pastor of Grace church, of which Mr. Turley was a member, spoke very briefly in appreciation of Mr. Turley, then read passages of scripture and offered a prayer. The remains were taken to Diamond Grove cemetery, where the committal service was held by Dr. Madden. The many beautiful flowers sent by sympathizing friends were cared for by Mrs. Charles F. Ehle and Miss Grace Gillham. The bearers were Felix E. Farrell, Frank Byrns, F. J. Waddell, E. E. Crabtree, Logan Black and John G. Reynolds.

## THE TEMPORARY SHAFT

One of the most impressive ceremonies in connection with the United War Work campaign was the dedication of the temporary shaft for soldiers who have fallen in this war, erected in Central park. Altho this monument is of fragile materials it has been suggested that it should be put away and preserved in a manner preserved. The arrangement of names and the various quotations that were printed upon the "monument" faces give it historical value.

The Brunswick

## Is a Musical Instrument

NOT AN ORDINARY PHONOGRAPH

Owners of ordinary phonographs are confined to the use of one make of record. But, no one make offers the complete selection everyone would like.

The Brunswick plays records of any make. And it plays them better than the machine for which each was originally intended. For the Brunswick was designed originally to be the Universal Phonograph. It is equipped with two distinct sound reproducers, instantly interchangeable. One reproducer is distinctly for the splendid Pathe Records, hitherto not generally available to the American public—one for all other popular makes of Records. Both steel and jewel point needles are provided.

The reason The Brunswick gives a more perfect rendition of all records can be seen in the wooden-wall sound chamber. It is built like a violin—and the same fundamentals that are responsible for the feeling and vibrancy of a violin tone gives a tonal quality to the reproduction of a Brunswick Phonograph which has made it the choice of true lovers of music.

ONE MAN OPERATES BOTH TRACTOR AND IMPLEMENT

Electrically Governed 18 Horse Power  
with the New

## UNIVERSAL TRACTOR

It Solves The Farm Help Problem

The perfected 4-cylinder overhead-valve engine of the new Moline-Universal Tractor, Model D, develops 18-horsepower on the belt, pulling a 24-inch grain separator or 16-inch ensilage cutter, with a belt speed of between 2400 and 3000 feet a minute. Variations in load do not affect the engine speed of the Moline-Universal in the slightest, due to an electrical governor that instantly regulates the throttle to compensate for the slightest change in pull. Electricity, the most sensitive, quickest acting force known to man, holds the engine of the Moline-Universal under control, and makes it run steadily under all conditions.

The pulley on the Moline-Universal Tractor is located directly in front of the engine, making it easy to change from one operation to another. Running a silo filler, corn shredder, feed grinder, wood saw, clover huller, hay press, water pump or electric lighting plant are only a few of the many uses to which the Moline-Universal can be put.

Unusual economy is shown by the Moline-Universal Tractor, because of the perfected overhead-valve construction of the engine, with a small

bore and long stroke, and valves that measure half the diameter of the combustion chamber. A specially designed intake manifold heats and dries the gas to a perfect condition for burning. These features in combination extract every ounce of energy from the gasoline, producing power at remarkably low cost.

The construction of the Moline-Universal engine is such that it will stand up without faltering under the hardest test to which it can be subjected. Extra large bearings, lubrication under 35 pounds pressure, alloy steels and careful machining give it the stamina to stand up for long runs under full load.

The real superiority of the Moline-Universal Tractor, however, lies in field work. Here it enables one man to perform every field operation, including planting, harvesting and cultivating. Its universal adaptability practically does away with horses and also solves the farm help problem.

It is easily the most useful and greatest labor saving device ever invented for the farm.

Investigate what this machine can do for you.

### NOTICE TO THE PUBLIC

Never before in history has there been as good a time as at the present to buy land as an investment. With the war over, business will get on a solid basis. The United States will have to replenish the devastated countries, which is going to take a long time; we have the ships to do our exporting, we have the materials, we have the provisions and the men to put it there. Prices on farm products are bound to be high and land will be higher. That land is a safe investment is proven by large capitalists making inquiries, the last few days, with the prospect of buying large tracts of land. I have farms of all sizes and kinds. Come and see what I have to offer. Also, city property of all kinds, and money to loan.

### Your Opportunity

Never in the history of the world has there been as great an opportunity for the people of the rural districts as the present. The attention of the world has been turned to the products of the soil as never before; for grim necessity has caused those of wealth to save and divide with the millions of hungry and starving humanity. Not for years will the bins and granaries be filled again to their normal capacity.

We of central Illinois should take advantage of the golden opportunity before us; for we have the soil and water and climate, which, combined with intelligent cultivation of the soil and the rearing of live stock will make us independent and when the boys come back from "over there" and tell us of the land selling from several hundred dollars to several thousand dollars per acre and paying dividends at that price because of intensified farming, then we will farm better and get better returns even with the advance in price of land that is sure to come after the restoration of peace.

Now is the time to get you a farm before the big advance, for Capital is turning to land for an investment as never before. Come and see me and I will help you get what you want.

## \$45 \$50 \$55

These are the prices that we are charging for the best that can be had in Men's All Wool Suits and Overcoats—garments which are the last word in Style, Fit and Workmanship. Good, serviceable clothing cannot be made for less money. The materials alone now cost about what finished garments cost before the war. It is true, the war is over, but it will be a long time at best before Uncle Sam will not have use for the greater portion of the wool crop. This is a small city, but you will find in our store the same patterns offered you in New York or Chicago. Drop in and examine them.

Mrs. D. E. Sandman went to the home of her parents Wednesday to help celebrate her father's birthday anniversary. He was 45 years old.

J. B. Carter was a Jacksonville visitor Tuesday.

One of our soldier boys, Private Arthur D. Sandman returned home Friday from Camp Johnston, Florida on a 30-day furlough. He is looking fine and seemed to enjoy camp life.

Curtis Carter passed thru town Wednesday.

We had quite a celebration in town when the false word of peace being declared and when the true word came on Monday things were somewhat quiet but it was not the lack of joy, but the lack of energy.

Ferry Rousey was up to the city from Franklin yesterday.

INDIGESTION GAS OR  
SOUR, UPSET STOMACH

Eat One Tablet! Put Your Stomach in Order with Pape's Diapepsin.

No waiting! When meals don't fit and you belch gas, acids and undigested food. When you feel indigestion pain, lumps of distress in stomach, heartburn or headache. Here is instant relief.

Just as soon as you eat a tablet of Pape's Diapepsin all the dyspepsia, indigestion and stomach distress ends. These pleasant harmless tablets of Pape's Diapepsin always make sick, upset stomachs feel fine at once and they cost so little at drug stores.

RUB ON SPRAINS,  
PAINS, SWELLINGS

Don't Suffer! Relief Comes the Moment You Rub with "St. Jacobs Liniment."

Don't stay crippled! Rub this soothing, penetrating liniment right into the sprain, ache or strain, and out comes pain, soreness stiffness and swelling.

Nothing else penetrates, heals and strengthens the injured muscles, nerves, tendons and ligaments so promptly. It doesn't burn or discolor the skin and can't cause injury. Don't suffer! Get a small trial bottle from any drug store—limber up! Rub the misery right out. A moment after "St. Jacobs Liniment" is applied you can not feel the slightest pain or soreness, and you can go about your regular duties.

"St. Jacobs Liniment" conquers pain. It has been used effectively for sprains, strains, soreness and stiffness for 60 years—six gold medal awards.—Adv.

MAKE YOUR STOMACH  
YOUR BEST FRIEND

Stuart's Dyspepsia Tablets Digest the Food, Prevent Sourness and Make You Feel Fine All Over.

If you feel any distress after eating take a Stuart's Dyspepsia Tablet. You will then have a good, steady friend in your stomach. For no matter what you eat there will be no gas, no sour eructations, no lump in your throat, no biliousness, no dark brown taste in the morning. And should you now be troubled, eat a tablet as soon as possible and relief will come promptly. These tablets correct at once the faults of a weak or overworked stomach, they do the work while the stomach rests and recovers itself. Particularly effective are they for banquets and those whose environment brings them in contact with the rich food most apt to cause stomach derangement. Relief in these cases always brings the glad smile. Get a box of Stuart's Dyspepsia Tablets, 50 cents, in any drug store. Be good to your stomach.—Adv.

Getting Down to Facts  
There are some men in this town who used to pay tailors a lot of extra money to make their clothes; they thought they were hard to fit. Along came the war, and a good many of these men looked around for a way to save; they wanted to have more money to invest in Liberty Bonds. They turned to fine ready made clothes like we're offering—  
Hart Schaffner & Marx Clothes  
Well, here's what has happened; they've found that they can be fitted perfectly in ready made clothes; that they get the finest all wool fabrics that are woven; and best tailoring and style. And they save some money for themselves too.  
There's a lesson in this experience for others who want to save; and we'll be glad to do our part any day; we'll show any man that he can be fitted in ready clothes and we'll show him a saving in the bargain.

## CIVIL WAR VETERAN

## ANSWERED FINAL CALL

Col. John Tewksbury Died at Bluffs Home—Recent of Bluffs Since 1878—Agent for Washburn for Many Years.

Bluffs, Nov. 18.—Col. John Tewksbury answered the final call at his home at 4:30 o'clock Monday morning aged 88 years, one month and 3 days. He was born and reared to manhood in the city of Boston, Mass. When the war broke out in 1861 he enlisted as a private in the First Mass. Cavalry, Sept. 12th, 1861 for a period of three years, or until the close of the war. His early training fitted him for his military career and he was rapidly promoted. He served as corporal and sergeant. In Dec. 1861 he was promoted to Second Lieutenant and to First Lieutenant, March 27, 1862. On Feb. 7, 1862 he was promoted to captain and to the office of major Aug. 10, 1864, and to Lieutenant-colonel Dec. 15, 1865. On the 26th, day of July, 1865 he was honorably discharged and returned to his home in Boston, Mass. where he remained until 1878 when he decided to go west. It was about that time that he came to Bluffs as station agent for the Washburn, a position he held successfully for a number of years. Aside from nine months being employed by the M. & K. T. railroad in Idaho and Utah he has resided in Bluffs where he was united in marriage to Miss Margaret VanGundy, daughter of Mr. and Mrs. Adam VanGundy. To this union three children were born, Edward, Mrs. C. L. Leonard and Black was born, who with the widow survives.

Col. Tewksbury was a soldier in every sense of the word and despite his 88 years he walked erect and with the buoyancy of youth. His last illness came upon him Friday and it soon became evident that his dissolution was near at hand and at dawn he laid aside his earthly ties and thus the light of a noble life went out, but the memory he leaves behind shall not die.

"When marble wears away, And monuments are dust— The spirits that guard our soldiers' clay Will still fulfill their trust."

## Foley Kidney Pills

It is indeed hard to stand at one side while the stream of life flows by. A man or woman condemned to sickness from the active duties of life, to do his or her share of the world's work, is a pathetic figure deserving of sympathy.

Much sickness, pain and misery result from disordered kidneys and bladder. Failure of the kidneys to do their work properly and filter impurities out of the blood leads to rheumatism, backache, sore muscles, stiff or swollen joints, puffiness under eyes, blotchy spots, biliousness, bladder weakness, nervousness, or other symptoms of kidney trouble.

F. M. Platte (Brakeman), Sec'y. Switchman's Union, 515 Blaine St., Peoria, Ill., writes: "Two bottles of Foley Kidney Pills cured me of my kidney and bladder trouble, stopping the backache and pains, correcting the kidney action, clearing secretions. I am also free from dizziness and floating spots before my eyes. Foley Kidney Pills cured me."

The United War Work campaign cannot be referred to as closed because subscriptions are still coming in and many county workers have asked for further time in order to complete the task assigned them. The headquarters in the Hayden building on South Sandy street will remain open until further notice, as the committees still have a great deal of work in connection with the records to compile and there must be some central place for the receiving of subscriptions and reports.

The figures for the campaign are related in the table above and show that Morgan county has contributed \$71,342 to the United War Work fund. The quota of the county was \$54,000. The 50 per cent increase asked made the sum \$81,000 and the amount thus far subscribed is \$71,342. It is entirely within the realm of probability to say that additional thousands will come in and the full allotment will be reached or nearly approached.

The final luncheon for Jacksonville was held yesterday noon with many workers from both the city and county in attendance. Reports of special subscriptions were made and there were several brief talks, the program concluding with general felicitations from Chairman Rammelkamp to his co-workers, and a round of applause from the co-workers as they approved the compliments passed upon the general chairman by Dr. Harker, the county chairman.

**Special Funds.** At the luncheon yesterday Rev. W. E. Collins said grace and when the time for reports came Dr. Rammelkamp called upon a number of those present.

In the beginning the chairman read a letter from Miss Mary Rhodes in which she mentioned her regret that her nephew, Walter Bellatti, had not been able to take an active part in this

campaign and said that on this account she was impelled to make a special subscription. Miss Goodale for Illinois Woman's College reported total subscriptions of \$2,124. Dr. J. G. Ames made the report for Illinois college, showing subscriptions of \$3,308. Principal Claybaugh of the Business college reported subscriptions of \$218.40. Mrs. Samuel reported a special subscription of \$10 from Miss Eleanor Thompson's Sunday school class in the Christian church. Mrs. Charles Hopper reported a \$15 contribution from the Mothers' association.

**Ward Reports.** The ward reports were made as follows, the total subscriptions at that hour being given:

First ward: John J. Ferry, \$.....\$

Second ward: Frank J. Waddell, \$.....\$272

Third ward: J. W. Merrigan, \$.....\$493

Fourth ward: H. H. Baneroff, \$.....\$1,556

Mrs. Ben Lorton told of the difficulties that have been experienced in the Victory Girl campaign in Jacksonville and announced subscriptions of \$403.50. J. S. Findley gave an interesting report of the Victory Girl and Boy campaign in the county.

Dr. J. R. Harker then commented briefly on the difficulties of conducting the campaign in the country districts and indicated what it had meant in some of the districts to attempt to raise the quota, with bad roads and influenza as the principal difficulties. He called upon Edward Scholfield to make the report for Centerville and Mr. Scholfield, who had charge only of the Victory Boy work, told of an additional subscription of \$16.

Miss Amy Onken, county chairman for the Victory Girls, reported that Chapin had gone over the top and that excellent reports had been made from a number of country precincts. She said because of difficulties experienced in Jacksonville that the Victory Girls 150 per cent quota would not be reached.

W. B. Rogers, whom Dr. Harker said had been especially faithful in his work, told of the campaign in Jacksonville precinct outside of the city limits.

C. H. Gibbs reported for Lynnville. Allison Thomason for Markham, J. H. Hubbs for Prentice, E. Lonerger for Nortonville, W. H. Crum for Literberry, J. J. Newell for Sinclair, Scott Green for school district No. 282, William Cleary for the same precinct; Mayor Deatherage for Waverly; Dr. G. W. Miller for Woodson. In nearly all of these reports it was mentioned that the fact that of many non-resident land owners had added to the difficulty of the campaign. It was stated, too, that there are a number of retire farmers whose subscriptions were credited to Jacksonville or to towns in which they lived rather than to the districts in which they own land. It was said too that in some instances these land owners did not measure up to expectations in the total of their gifts.

**Defended the Farmers.** Mayor Rodgers, in commenting upon the record of this district, which he said was one of the best in the state according to advices from Chicago, said that we are all farmers in this locality, because so intimately associated with agricultural interests. He said that the retired farmer should not be especially charged with delinquency in this campaign, for in most instances the farmers have readily come forward to do their share.

The total for the county as given by Dr. Harker at this time was \$34,675.75, which with the city total of \$36,675, which includes the subscriptions from colleges, made a grand total at that time of \$71,350.75. It was pointed out that this was not 50 per cent over the quota as asked but is 30 per cent.

Mrs. Paul Samuel then made a brief report for the women of the county, expressing the pleasure which women as individuals and as organizations had in assisting in the campaign. Mrs. Samuel expressed the thought that people who had taken part in the activities had a better and broadened knowledge of each other and the world at large and that the benefits would be lasting.

**Two Ministers Talked.** Rev. W. E. Collins who is in charge of the Y. M. C. A. work in connection with the Students' Army Training Corps unit at Illinois college, was next called upon. He said that Gen. Pershing had made frequent acknowledgment of his debt to the Y. M. C. A. and kindred organizations, the general feeling making the statement that the various organizations had contributed in a very large degree to the efficiency of the soldiers. "Now that the fighting is over and a sort of lull has come after the great struggle, I can imagine the reaction that has taken place at the war front and the sense of loneliness that comes to our boys. There will be acute needs for the work of the seven special organizations interested in the general campaign because of the relaxation that has come after the war, and further because of the possible influence of anarchy, as the red flag is waved in Europe today."

Then the chairman presented Rev. M. L. Pontius, who declared that he had been surprised to find that a number of people had been unwilling to have any part in the campaign or to make contributions to the very worthy fund for the support of the war time organizations. He said that such persons richly merited the term "slackers" and that they in no way represent the American spirit and instead were really giving a slap in the face to the soldiers at the front.

**Appreciation Expressed.** On motion of J. W. Merrigan, captain of the third ward team, a vote of thanks was extended to the women of the Christian church for the splendid service they have rendered at the noon day luncheons. As previously mentioned, the women have charged for this service simply the cost of the food and have willingly donated all of their work. The vote of approval was a hearty one.

In his closing remarks Dr. Rammelkamp took occasion to express his personal appreciation of the faithfulness, earnestness and energy shown by his co-workers. Then Dr. Harker, who has been the county chairman, on behalf of the assembled workers expressed appreciation and approval of the leadership shown by Dr. Rammelkamp, the general chairman. This motion was adopted by a rising vote amidst hearty applause.

Dr. F. M. Rule was present when the campaign was opened and offered a prayer and so he was called upon for the closing prayer, and, as he had done in the beginning, proposed the singing of the doxology. This was done with a will.

It is not proper to refer to the campaign as closed because it is understood that solicitation work is to continue in all those districts where the quota has not been met. And there is still reason to hope the total of \$81,000 asked from this county will be given.

Jacksonville City, H. A. Perrin—\$688.29.  
Total to date—\$1,637.24.  
County quota—\$1,915.00.

A number of these precincts which have reported nothing will have a good report to make in a few days, and will put the boys over their quota.

Because of some unfortunate delays in organization the boys campaign was late in getting started, however I feel that we have much used to feel gratified with the results so far.

Concord, Chapin, Franklin, Waverly, Jacksonville No. 6, Jacksonville city have especially done well in the face of every kind of unfavorable circumstances.

I want to take this means of expressing my sincere appreciation for the hearty co-operation I have received from every member of the Victory Boys Division. I trust that each precinct will make its contribution worthy of this cause in which we have the privilege of working together.

I am sure it is worthy of our best efforts. I also want to express my sincere appreciation for all of those associated with me in both the city and county organization. We have been trying to do our best service for our boys who are serving us so well over there.

J. S. Findley,  
Secretary County U. W. W. Committee

### WELL KNOWN BUSINESS MAN DIED TUESDAY

Charles Price Answered Final Summons After Long Period of Illness—In Business Here More Than Thirty Years.

Charles Price, one of the long time business men of Jacksonville, died at 7:30 o'clock Tuesday night at his home on East State street. Mr. Price had been in failing health for a period of years as a result of a paralytic stroke which occurred in 1910. He suffered also from heart disease and it was that illness which caused his death. Altho weakened physically, Mr. Price with indefatigable industry continued business cares and was in his East State street store just a few days ago.

The deceased was born in Richmond, Ohio, and spent his boyhood days there. Subsequently he went to Baltimore, where he learned the trade of a jeweler. In 1876 he came to this city and took a position in the jewelry store of J. M. Fox, located in those early days on the west side of the public square. It was in 1882 that Mr. Price engaged in business on his own account, opening the East State street store which still bears his name. He ranked as one of the veteran business men of the city, as his jewelry store had been located on East State street for more than a thirty year period. Mr. Price was a watchmaker of special ability and was long accounted an authority in that line of work. He was a man, too, of good business judgment and thru a period of years ranked as one of the veteran business citizens of Jacksonville.

The deceased was a member of Hospitalier Commandery No. 31 Knights Templar, of the Mystic Shrine, and had long held membership in Central Christian church.

In 1881 Mr. Price was married to Miss Mary Smith, daughter of the late Mr. and Mrs. Abram Smith. Their married life has been one of particular devotion and during the long period of Mr. Price's illness he has had unremitting devotion and self sacrificing care from his wife. So the record of these years is one which has gained the admiration of their friends. Mr. Price is survived by his wife and two brothers, M. Z. Price of Arcanum, Ohio, and George Price of Greenville, Ohio.

The arrangements for the funeral have not been completed, as word is awaited from the brothers.

### WORK PROGRESSING ON ARMSTRONG FRONT

The progress of the work on the building occupied by the Armstrong Drug Co., southwest corner of the square, has been commented upon several times in the Journal but Tuesday a few interesting facts developed. Vasconcellos & Sons, who have the contract for remodeling the front, were busy taking down the false work and in conversation with a Journal representative Mr. Vasconcellos remarked: "See that steel above the door? Well, that supports sixty tons, and in the small opening that we made we took out just ten wagon loads of brick. Look at the thickness of those walls. It's the most solidly built structure in Jacksonville and fireproof throughout." Mr. Vasconcellos said that now the war was over and materials easier obtained he hoped to have the work done within two weeks.

### U. W. W. CAMPAIGN NOTES

In the contribution of \$968 recorded from Jacksonville State hospital it should be mentioned that included in this sum is \$125 from the War Aid society of the State hospital.

### DR. DAVIS IN CALIFORNIA

The friends here of the Rev. L. H. Davis, former pastor of Westminster church, will be glad to know of his safe arrival in Los Angeles, California. He went directly there from here, and had the good fortune to arrive on time.

In the course of a letter to friends here Mr. Davis said: "Going to Jacksonville was like going home. Where we spent more than seven happy years together, and where are some of the dear friends of our life. I am sorry that the rain and my health prevented me from seeing more."

"One of the wonderful things of our time is the distance we can travel in a few days \* \* \* as I was with you and now today I am so far away."

Mr. Davis's address in Los Angeles is 1424 Morningside Court.

### DOING GOOD BUSINESS.

C. H. Woodward, who was at one time located in Jacksonville for a number of months, is now interested in the American Car Equipment Co., a Chicago concern said to be doing a large business. Mr. Woodward in a recent letter to Daniel McGinnis of this city says that the company has just made a large contract with the government for the application of a circulating brine system in connection with freight cars.

### MR. MOTHERSHEAD DIES IN CHICAGO

Chicago papers yesterday made mention of the recent death of Alvin B. Mothershead at the age of eighty one. The deceased was the father of Miss Amy Mothershead, who until her death about a year ago had served efficiently as the dean of Illinois Woman's college. Mr. Mothershead died suddenly after a few hours' illness. The funeral is to be held today at the home of his daughter, Mrs. H. B. Lusch, 5949 Blackstone ave.
